This is a south-facing, asymmetrical, one-and-a-half-story, three-bay, frame, freestanding, L-shaped, residential structure resting on a stone foundation. Set directly at the public-right-of-way, it has been covered with manufactured shingles. The intersecting-gable roof is sheathed with standing-seam metal and has an interior brick chimney and open and overhanging eaves. A shed-roof, open porch extends over the entrance and a former window (now filled in). The entrance is a glazed and panel door. Fenestration consists of double-hung, two-over-two windows. A one-story rear addition is being constructed.

A building is noted on the 1877 map of the town as being owned by H. Watson. The 1922 Sanborn notes the extant structure as 110 East High.

The building is within the Western Maryland Geographic Organization, the probable Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
