

SITE NUMBER: WA-II-706
ADDRESS: 133 East Main Street, Sharpsburg, MD
OWNER/LOT NUMBER/ACCESS: Lester R. Patterson, 762/403, private
BUILDING DATE: mid 19th century

133 East Main Street is a south-facing, horizontally massed, symmetrical, two-and-a-half-story, five-bay, frame, freestanding, residential structure resting on a stone foundation. Set at the public-right-of-way, it has been altered over time with the addition of its front, eastlake gable, the eastlake porch details, and manufactured siding. It has a side-gable, manufactured shingle roof with an interior, endwall brick chimney; open eaves; and gable returns. The first-floor front facade is composed of a recessed entrance in the center bay that is composed of a glazed and paneled interior door, a multi-pane, frame storm door, and a rectangular transom. The depth of the entrance recess may indicate that the structure is constructed of log. A simple, hipped-roof eastlake porch extends across the center three bays of the first floor. Windows are all double-hung, six-over-six sash.

The structure bears a commemorative plaque indicating that it was standing in 1862. The structure is noted on the 1877 map of the town as being owned by J. H. Smith. Following 1877, it must have been extensively remodeled, as the pointed front gable and the eastlake detailing stylistically post-date 1877. The building is noted on the 1922 Sanborn as 317 East Main with a large outhouse immediately behind the main house and a large barn and smaller outbuilding located at the rear of the lot.

The building is within the Western Maryland Geographic Organization, the Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Themes of

Architecture, Landscape Architecture and Community Planning.
