Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

No. 334 N. Main Street is a two-and-one-half-story, two-bay-wide, frame, hip-roofed, American Foursquare, detached, single family dwelling. The house sided in aluminum. The roofline includes a hip dormer and an interior chimney. The roof is clad in asphalt shingles. The eaves of the house are deep and slightly flared. Windows are 1/1 wood sashes. The one-story, two-bay, hip-roofed porch has battered wooden posts atop brick piers. There is a shallow, broad, projecting polygonal bay at first floor paired with single leaf door. Off the northwest corner of the house is an early-twentieth-century frame garage, probably a contemporary of the house, which has been remodeled with a gambrel roof. This house, typical of early-twentieth-century domestic architecture in Boonsboro, is a contributing resource to the Town of Boonsboro Historic District.

SITE NUMBER: WA-II-819
ADDRESS: 334 North Main Street, Boonsboro, MD
OWNER/LOT NUMBER/ACCESS: private
BUILDING DATE: 1910s-1920s

334 North Main Street is an east-facing, two-and-a-half-story, two-bay, frame, freestanding, American Four Square residential structure. The structure is very similar in design to 320 North Main. It is set back from the public-right-of-way on a landscaped lawn, rests on a concrete foundation, and is covered with manufactured siding. The north bay of the house is bowed. The hipped roof is covered with artificial shingling, has one chimney at the center, wide eaves, and a hipped-roof dormer facing the street. A hipped-roof porch, supported by columns on brick piers extends across the length of the facade. The entrance consists of a door with glazed and raised panels. A small, stained-glass window is located to the left of the door. Windows are double-hung, one-over-one sash.

Although none of the historic maps of Boonsboro extends this far north, the construction of the building can be dated approximately to the period between 1910 and 1924 when other similar buildings in Boonsboro were built.

The building is within the Western Maryland Geographic Organization, the Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
