Description of Property and Eligibility Determination: *(Use continuation sheet if necessary and attach map and photo)*

Number 204 and 206 North Main Street are mirror images of one another. Number 206 is a two-story, four-bay-wide, detached, side-gabled, brick dwelling. The brick house is laid in a five-course American bond and set atop a solid, ashlar foundation. There are two interior end chimneys. The single-leaf, paneled entry door is surmounted by a transom. The house has 6/6 wood sash windows and wooden lintels. The rear of the house has a one-story gable ell with an interior end chimney. The one-story, three-bay flat-roofed porch has chamfered posts and sawn brackets. Northwest of the house is a brick, gable-roofed summer kitchen. There are also modern frame outbuildings further west. This is an example of mid-nineteenth-century domestic architecture in Boonsboro, and contributes to the Town of Boonsboro Historic District.

SITE NUMBER: WA-II-833
ADDRESS: 206 North Main Street, Boonsboro, MD
OWNER/LOT NUMBER/ACCESS: private
BUILDING DATE: 19th century, pre-1877

206 North Main Street is an east-facing, horizontally massed, two-and-a-half-story, four-bay, brick, freestanding, residential structure. The building, which is set directly at the public-right-of-way, rests on a stone foundation and is laid in common bond. The tin, side-gable roof has two brick chimneys, open eaves and a box cornice. A flat-roof eastlake porch extends across the facade and protects the south-bay entrance. The entrance is composed of a five-panel door topped by a three-light transom. Fenestration consists of double-hung, six-over-six windows with simple sills and lintels. There is a brick outbuilding in the backyard.

A building of the same configuration as the extant structure is noted on the 1877 map of the town. The 1897-1940 Sanborn maps note that the structure was numbered 11 Main Street and had a porch as early as 1897.

The building is within the Western Maryland Geographic Organization, the probable Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
