ADDRESS: 118 Potomac Street, Boonsboro, MD  
OWNER/LOT NUMBER/ACCESS: private  
BUILDING DATE: mid 19th century? pre-1877

118 Potomac Street is a north-facing, horizontally massed, one-story, three-bay, brick, freestanding, residential structure. The building, which is set directly at the public-right-of-way, has been extensively altered. The structure is covered with manufactured siding, the window configurations have been changed, and the porch has been entirely rebuilt with modern materials. The greatest change, however, is a massive two-story addition to the back of the house which dwarfs the original structure. It is unclear whether this addition is new or the one indicated on historic maps.

A building, presumably the extant one, is indicated on the 1877 map of the town. The 1910-1940 Sanborn maps show the building as 72 Potomac Street. During that time, the structure had, as it does now, a two-story frame addition to the rear.

The building is within the Western Maryland Geographic Organization, the probable Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
