BUILDING DATE: mid 19th century? pre-1877

212 Potomac Street is a north-facing, horizontally massed, two-and-a-half-story, four-bay, brick, freestanding, residential structure. The building, which is set directly at the public-right-of-way, rests on a stone foundation and is set in a common bond. It has a side-gable, bracketed, tin roof with two brick chimneys. A flat-roof porch with a wood railing extends across the facade of the house and protects the center-bay entrance. The door is glazed and paneled. The fenestration is double-hung, two-over-two sash with wood sills and lintels and shutters. The structure has a two-story rear ell with a one-and-a-half-story frame addition. There are several dilapidated frame structures to the rear of the lot including what may have been a stable.

A building of similar configuration is indicated on the 1877 map of the town. The 1910-1940 Sanborn maps show the building as 65 Potomac Street.

The building is within the Western Maryland Geographic Organization, the probable Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
