

SITE NUMBER: WA-II-914

ADDRESS: Between 220 and 230 Potomac Street, Boonsboro, MD

OWNER/LOT NUMBER/ACCESS: private

BUILDING DATE: late 19th, early 20th century

This is a north-facing, vertically massed, irregularly shaped, two-and-a-half-story, two-bay, frame, freestanding, simple Queen Anne residential structure. The building, which is set directly at the public-right-of-way, rests on a stuccoed stone foundation and is covered with asbestos shingles. It has a cross-gable, tin roof with gable returns and two brick chimneys. A flat-roof wrap-around porch extends across the facade and east elevation of the house and protects the entrance. A one-story bay window is located on the west elevation. The fenestration is double-hung, two-over-one sash with ornamental sills and lintels. The windows are set singly and in pairs.

Although a building is noted on the 1877 map of Boonsboro at this location, its configuration is completely different from the extant structure, leading one to believe that it was demolished for the construction of the extant building. The extant structure is shown on the 1910 Sanborn as 58 Potomac Street and is shown on the subsequent Sanborns, as well. Aside from some recently constructed houses along the south side of Potomac Street, this is the youngest structure along this stretch of the road.

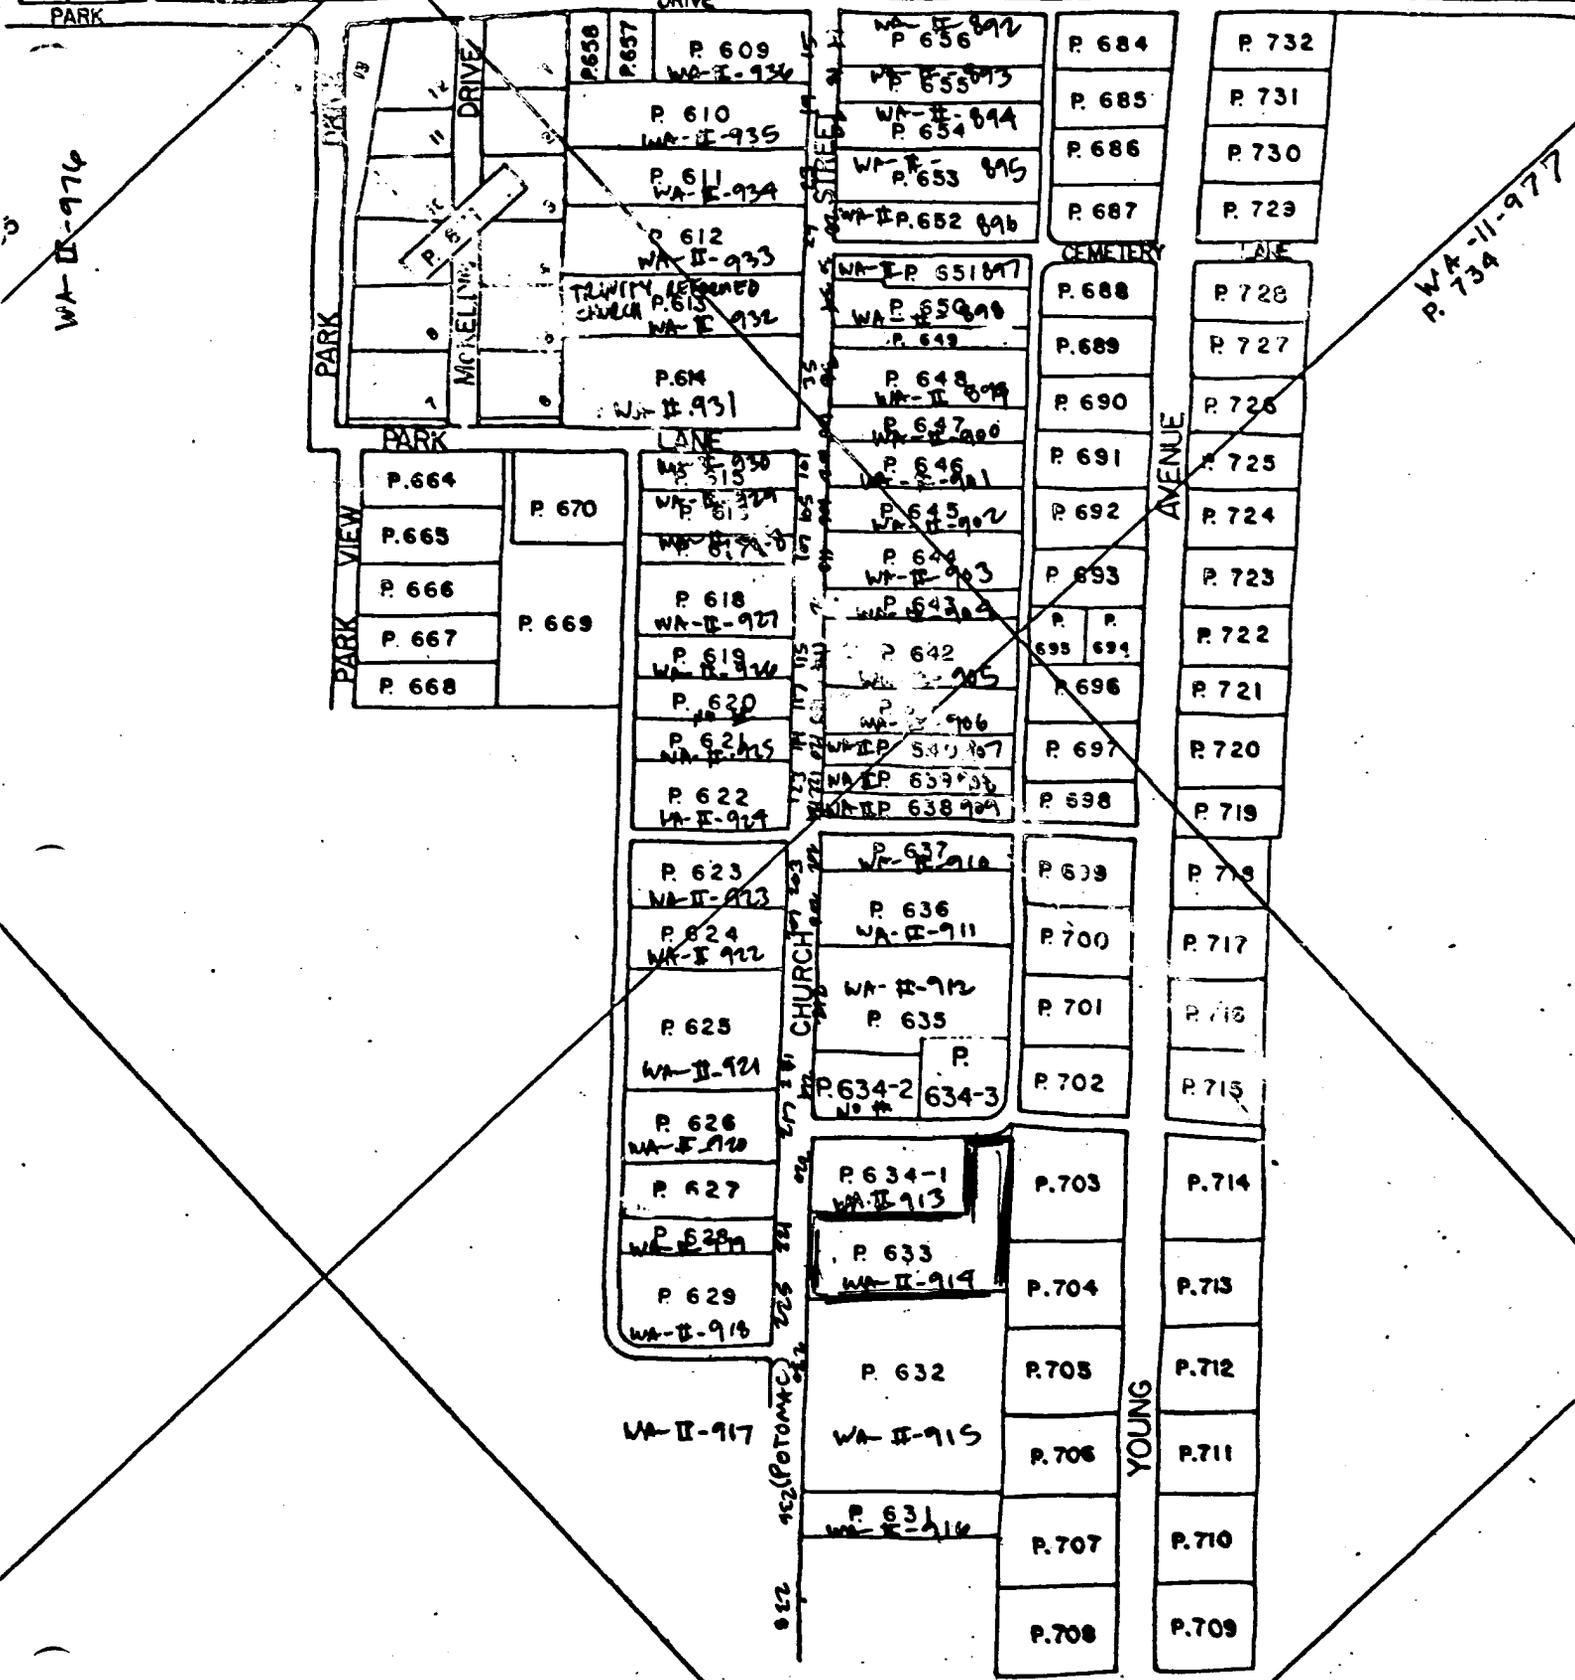

The building is within the Western Maryland Geographic Organization, the Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
