BUILDING DATE: mid-19th century, pre-1877, and 1924-1940

107 Potomac Street is a south-facing, three-bay, two-and-a-half-story, brick, attached, residential structure. The building, which is set directly at the public-right-of-way, rests on a stone foundation and has been painted red. The tin, hipped roof is interrupted by a steeply pitched gabled dormer facing the street. A large brick chimney is located near the center of the roof. A hipped-roof open porch resting on slender columns extends across the facade of the structure and protects the center-bay entrance. The fenestration is double-hung, one-over-one sash with wood sills and brick, segmentally arched lintels. The structure has a one-story, flat-roof, frame addition to the rear. The lot has a large barn at the back.

The 1877 map of the town shows a building of similar configuration on this lot. According to the 1910-1940 Sanborn maps, this structure was numbered 41 Potomac Street.

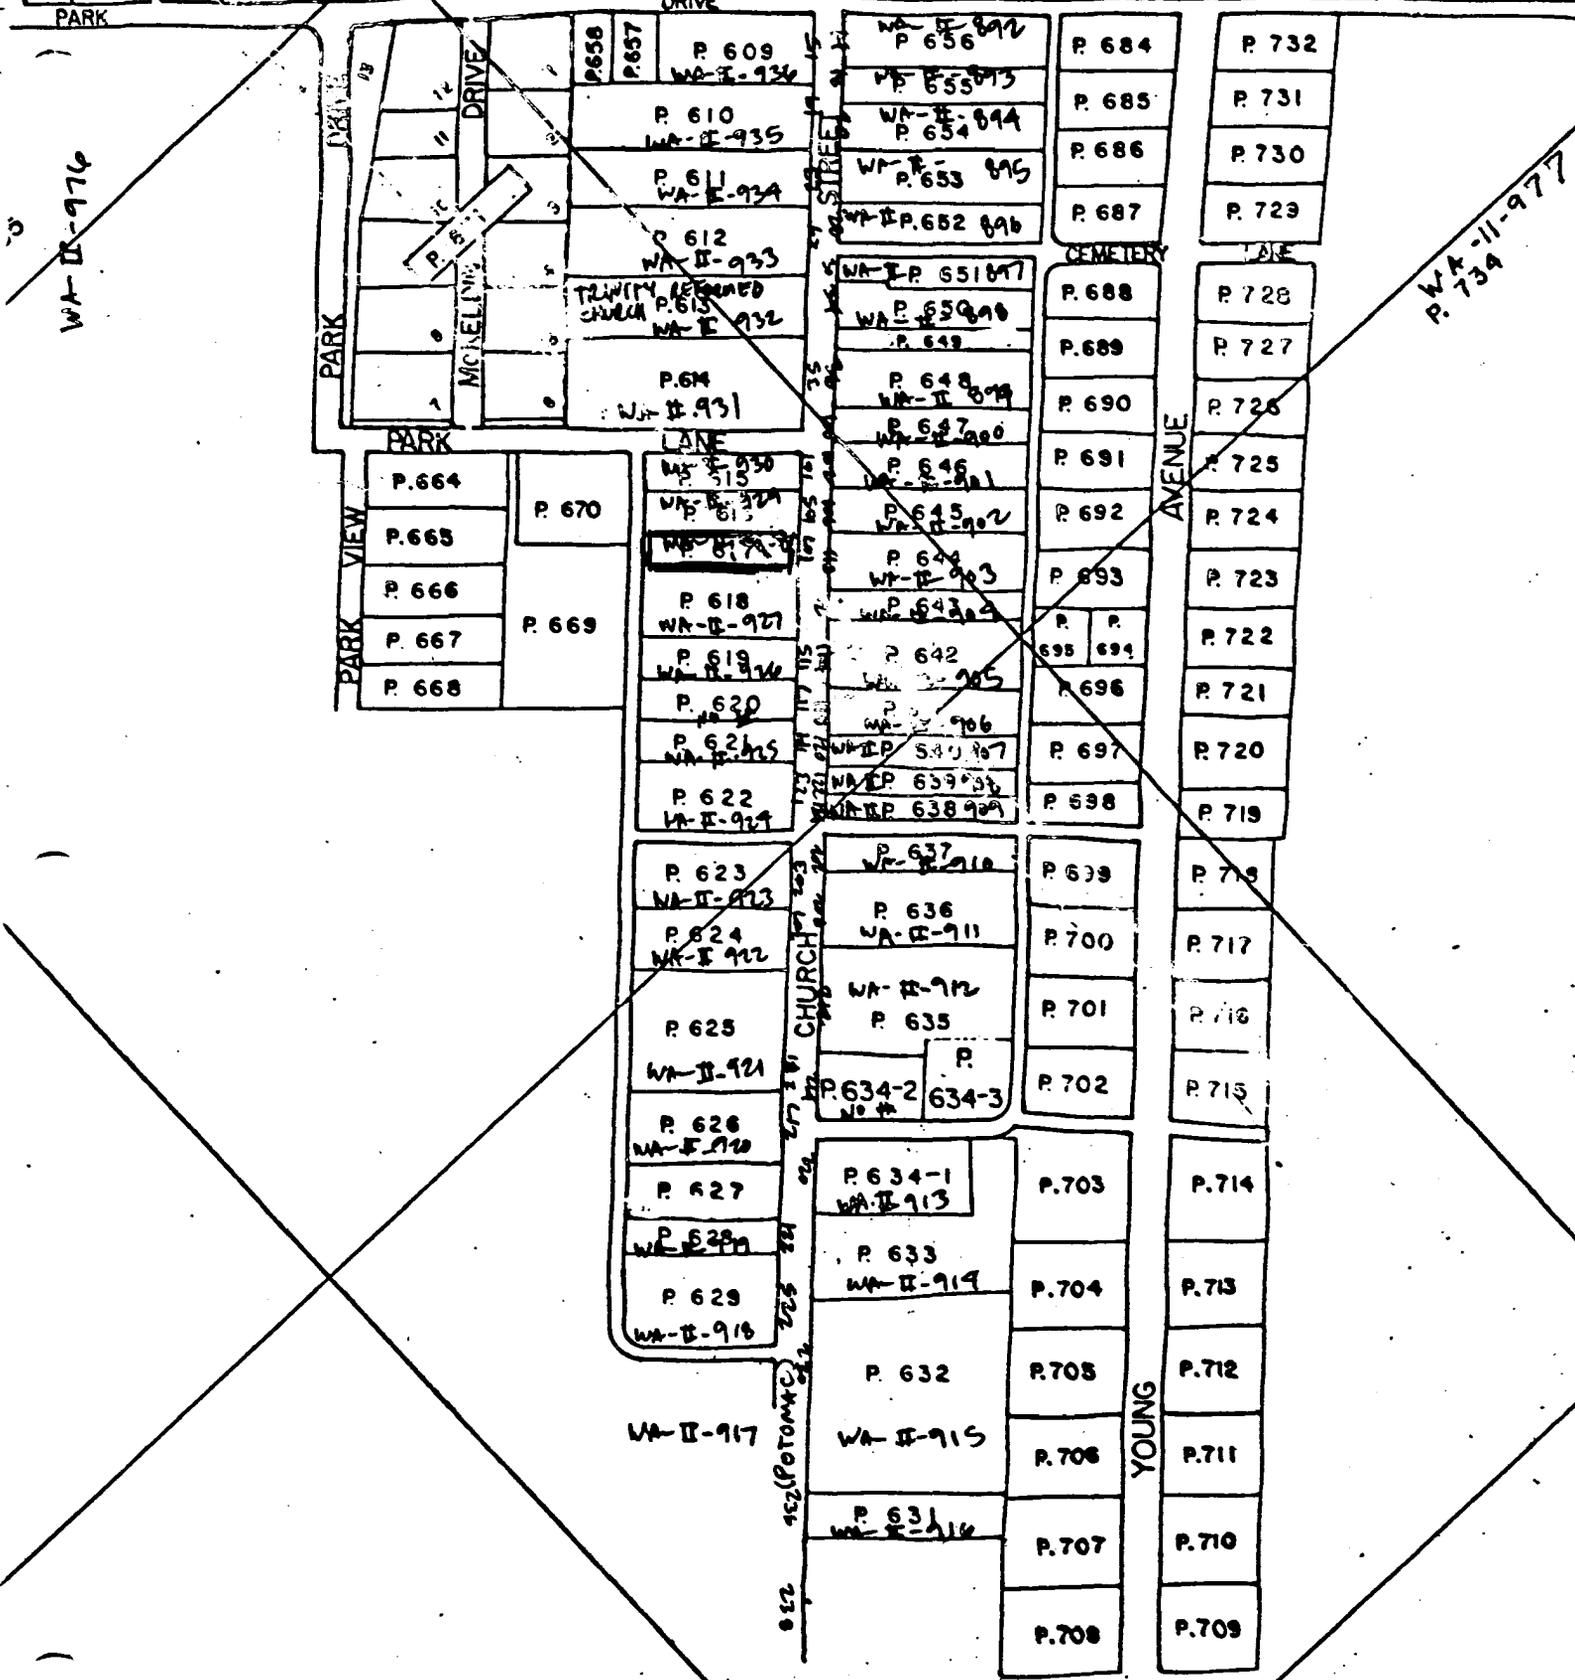

The building is within the Western Maryland Geographic Organization, the probable Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
