

SITE NUMBER: WA-II-929
ADDRESS: 105 Potomac Street, Boonsboro, MD
OWNER/LOT NUMBER/ACCESS: private
BUILDING DATE: mid 19th century? pre-1877

105 Potomac Street is a south-facing, horizontally massed, two-and-a-half-story, four-bay, frame, attached, residential structure. The building, which is set directly at the public-right-of-way, rests on a stone foundation. The side-gable, tin roof has two, endwall brick chimneys. A hipped-roof porch with replacement supports extends across the facade and protects a one-story bay window and the center-bay entrance. The entrance door was replaced in the 1940s. Fenestration is double-hung, two-over-two sash, except in the bay window where is it one-over-one. The structure has a two-story frame ell to the rear with a one-story shed-roof addition. There is a new, detached cinderblock garage on the property.

A building, presumably the extant one, is indicated on the 1877 map of the town. The 1910-1940 Sanborn maps show the building as 42 Potomac Street.

The building is within the Western Maryland Geographic Organization, the probable Development Period of Agricultural-Industrial Transition, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
