

SITE NUMBER: WA-IV-110
ADDRESS: 36 West Water Street, Smithsburg, MD
OWNER/LOT NUMBER/ACCESS: John P. Harshman, 290/2, private
BUILDING DATE: Late 19th/early 20th century

36 West Water Street is a south-facing, horizontally massed, symmetrical, two-and-a-half-story, three-bay, freestanding, frame residential structure resting at grade on a stone foundation. The side gable roof is covered with grey slate. The fenestration consists of single, rectangular, wooden sash, double-hung, two-over-two windows. The center bay holds the entrance and is protected by a hipped-roof, open porch that runs along the facade of the building. The porch roof is supported by iron railings.

A large two-story, flat-roof addition resting on a concrete foundation was built behind the original house after 1923. It has the same wood siding as the original portion.

The building is set on original lot 75, a vacant lot that was owned by George M. Boyer, according to the 1814 plat of the town. No building appears on this lot, then owned by J.W. Koontz, on the 1875 map either. However, the extant building does appear on the 1916 Sanborn as 23 Water Street.

The building is within the Western Maryland Geographic Organization, the Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.

Prepared by Julie Mueller, April 1991.
