

SITE NUMBER: WA-IV-144

ADDRESS: 26 North Main Street, Smithsburg, MD

OWNER/LOT NUMBER/ACCESS: Maurice J. Slick, 267/57, private

BUILDING DATE:

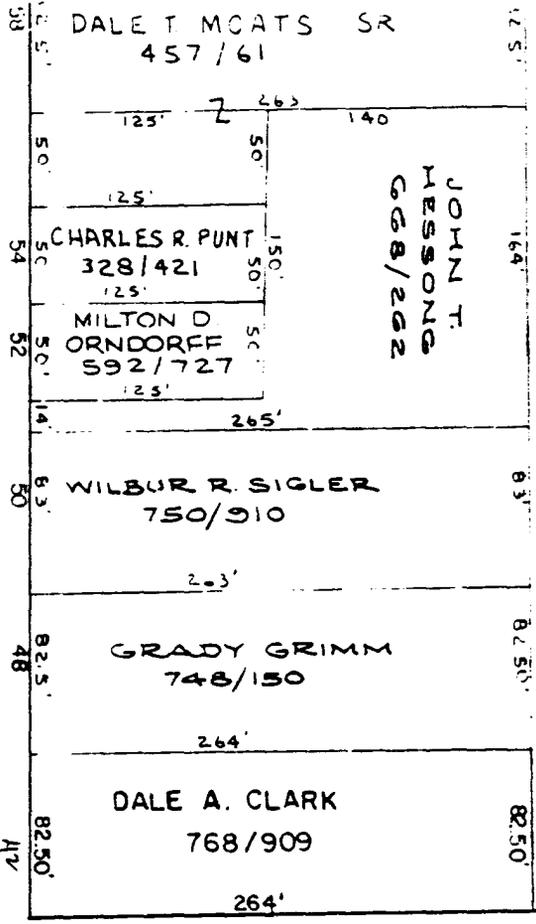

26 North Main Street is a west-facing, horizontally massed, symmetrical, one-and-a-half-story, three-bay, square, freestanding, brick residential structure resting on a stone (or concrete block?) foundation. The red brick is laid in Flemish bond. The side gable roof has a single brick chimney at its northern end and a double dormer on its western slope. The front facade has a one-story open porch running its length. The hipped roof of the porch is supported by Tuscan posts and pilasters. A slat rail connects the posts. Fenestration consists of single, rectangular, wooden sash, double-hung, six-over-six windows on the first floor of the front facade and one-over-one windows on the second floor. The entrance consists of a glazed and panelled door with a glazed transom above. The building has received various one-story rear additions.

The building is set on original lot 54, a vacant lot that is not listed on the key to the 1814 plat of the town. A building does appear on the 1875 map on the lot which was then owned by Mrs. B. George. Buildings also appear on this site on the 1916 and 1923 Sanborns and are noted as 164 Main Street. Due to the number of alterations to the structure, it is unclear when the extant building was constructed.

The building is within the Western Maryland Geographic Organization, the possible Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture, and Community Planning.
