33 North Main Street is an east-facing, symmetrical, two-and-a-half-story, three-bay, freestanding, frame residential structure resting on a stone foundation. The structure has weatherboard siding. The side gable, slate roof has two brick interior endwall chimneys and one exterior cinderblock chimney. The north-bay entrance is protected by an open, flat-roof, eastlake porch that runs the length of the house and rests on a brick foundation. The entrance, itself, consists of a glazed and panelled door protected by a modern, aluminum storm door. The transom over the door has been boarded up. Windows are rectangular, single, double-hung, one-over-one sash with frames with scalloped top portions. The building has a small, one-story rear addition and several outbuildings.

The building is set on original lot 43, a vacant lot that was owned by Peter Flowry, according to the 1814 plat of the town. The vacant lot was owned by the estate of I.[Isaac] Gehr in 1875, according to the town map of that date. The building is noted as 127 Main on the 1916 Sanborn map. According to the Smithsburg Historical Society, the house was constructed of log before 1875.

The building is within the Western Maryland Geographic Organization, the Development Period of Industrial/Urban Dominance, and falls within the Historic Period Theme of Architecture, Landscape Architecture and Community Planning.
