DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This house would appear to be of log construction. It is a two story, five bay aluminum sided structure with a central entrance. All window sashes have been replaced as has the front porch. The older of its two chimneys is located inside the east end wall. An exposed chimney back of whitewashed stone is present above the foundation walls.

SPECIFIC DATES

BUILDER/ARCHITECT

---

STATEMENT OF SIGNIFICANCE

**This log house is an example of an important regional type. Although its exterior surfaces are modern, the house probably dates from the first quarter of the 19th century. Its age is suggested by the small windows in relation to wall area, the exposed chimney back and the general form of the house.**
