This brick house probably dates from the mid 19th century. It stands on the west side of Conococheague Street, facing east. Its walls display Flemish bonding at the front elevation with common bonding with a 5:1 stretcher to header row ration used elsewhere. Flat arches of brick are present above the openings. The house is a two story, five bay structure with a central entrance. Windows have received two over two pane double hung sashes with arched topped upper panes. The entire surface of the house is painted grey.
