DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This one and one half story, three bay log structure is the last house on the north side of West Potomac Street facing south. It is built into a bank so that the limestone foundation exposes a full story to the front elevation. There is a standing seam tin roof, a two story front porch, six over six windows, and is covered with horizontal wood siding. There are not many clues for a construction date, but it was probably built in the 19th century.
