This house located on the south side of West Salisbury Street is a two story, three bay brick structure dating from the late 19th century. Bricks at the front elevation are laid in common bond and the surface of the building is painted red. Windows have two over two pane double hung sashes beneath flat arches of brick. First story windows have shutters with three molded panels while those at the second story have louvered shutters. The main entrance is in the westernmost bay of the front wall. A four panel door is hung beneath a transom. Evidence remains of a one bay flat topped entrance porch. Pairs of brackets trim the eaves.
