DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

The Harry G. Fletcher House is a one and a half story frame building possibly of the mid 19th century located at the corner of School and 4th Streets in Sharptown.

The original section is a simple box-like form with a door and window in the north east or front elevation. The west side has several connecting later additions. An exterior end chimney adjoins the north elevation, and single windows at two levels occupy the south elevation. The gable roof is of modern composition material and the exterior siding is weatherboarding.

The main section was originally a single room. .

SPECIFIC DATES

C. 1850

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

The extreme simplicity of the Fletcher House and its one room original configuration suggest it was possibly a slave cabin.
